- Front-End Development Certificate - COURSERA ([link](#))
- MongoDB Certificate - COURSERA ([link](#))
- Back-End Development Certificate -COURSERA ([link](#))
- Webpage HTML & CSS -COURSERA ([link](#))
- Mathematical Thinking in CS -COURSERA ([link](#))
- Wireshark -COURSERA ([link](#))
- Building RESTful API's with Node.js -COURSERA ([link](#))
- JavaScript Programming -COURSERA ([link](#))

PROJECTS

Car Service Application| HDart ,firebase,flutter flow:

- Developed a platform to streamline vehicle maintenance, facilitating 500+ bookings in a simulated environment.
- Integrated features for periodic and general services, improving service tracking efficiency by 30%.

Portfolio website | HTML, CSS, Javascript

- Built an interactive portfolio website with a quiz module, successfully logging and storing 100+ user responses in a database.
- Showcased skills in frontend development, achieving a 10% performance improvement through optimized JavaScript code.

Assest Maestro | HTML, CSS, Javascript and MySQL

- Designed a web app to manage 100+ organizational assets and track their allocation across 15+ employees.
- Reduced manual asset tracking time by 40% with a user-friendly interface.

Bus Ticket Booking App | Android, Firebase

- Led a team of three to create an Android app that processed 200+ ticket bookings in a prototype phase.
- Implemented a real-time database using Firebase, reducing ticketing errors by 25%.

ACHIEVEMENTS

Participated in SAP HackFest 24, a **national-level** hackathon at MITE, Moodabidri, on May 10, 2024! Huge thanks to the organizing team for fostering such a collaborative and innovative environment. A truly enriching experience!

SOFT SKILLS

- Collaboration and teamwork
- Problem-solving
- Adaptability and quick learning
- Effective communication
